With recommendations to the Village Board at their July 11, 2024 Meeting

The Village reserves the right to refuse any and all bids.

David Schroeder

Village Trustee

Village of North Prairie
2024 Crack Filling
Specifications

The Village of North Prairie is requesting bids for crack sealing of several road sections in the Village. All crack filling shall be hot pour crack filling in accordance with the following specifications:

- All crack filling materials shall conform to ASTM D66900-01m “Standard Specification for Joint and Crack Sealants, Hot Applied, for Concrete and Asphalt Pavements”.
- All cracks are to be routed to a minimum of a 2:1 ration width vs. depth.
- All cracks shall be cleaned with compressed air or a hot air lance. Cleaning shall remove as much loose material as possible and dry the side and bottom surface of the crack prior to crack filling. All cracks shall then be filled level to the adjacent road surface.
- All heating of the crack filling materials shall be in double-jacketed oil bath kettle. Direct fire kettles are not allowed. Crack filling material shall be applied with a pump and wand only, no pour pots shall be allowed.
- Traffic shall be directed by the Contractor around the area of work until all operations are complete. Traffic shall not be allowed on crack filled areas until material has set.
- All work shall be completed no later than October 30, 2024.
- Certificate of Insurance must be submitted prior to beginning work.

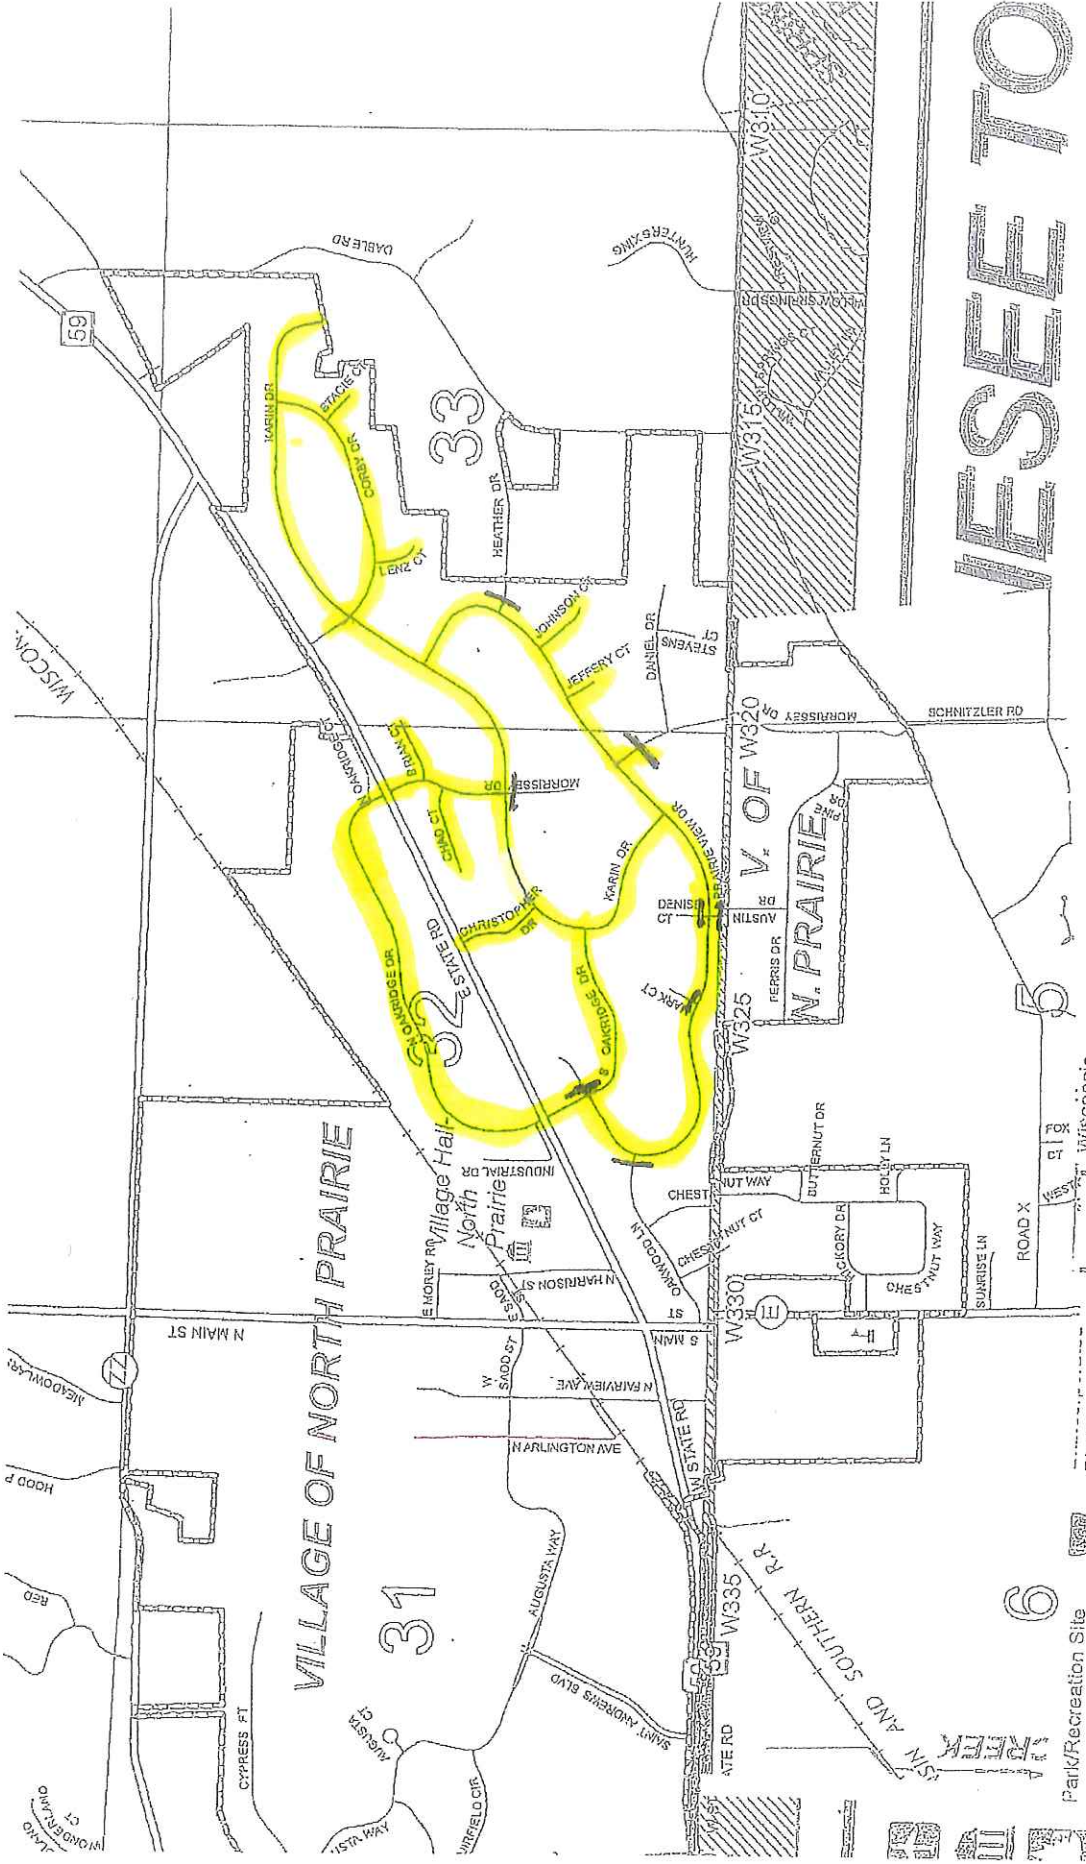

The above specifications apply to the following road sections on the attached highlighted map:

1. Corby Drive
2. Lenz Court
3. Stacey Court
4. Karin Drive
5. Morrissey Drive – Karin to Hwy 59 and Morrissey from Prairie View Drive approximately 100 feet to the south of new pavement.
6. Chad Court
7. Brian Court
8. Oakridge Drive, both North and South
9. Prairie View Drive, Karin to South Oakridge Drive
10. Johnson Court
11. Jeffery Court

Option crack fill:

Fire Department at 108 N Oakridge Drive
Village Hall at 130 N Harrison Street
